**RINNOVARSI
SEMPRE.
COME INSEGNA
LA NATURA.**

CONSTANT RENEWAL,
AS NATURE TEACHES US.

CONNETTIVITÀ CON IL CLIENTE AL CENTRO
CONNECTIVITY FOCUSING ON CUSTOMERS

**ASCOLTARE,

LISTENING, HEARING
AND GETTING IN TOUCH.

Se c'è una cosa che ci può insegnare la natura è il senso del rinnovamento costante. Gli stili cambiano, la tecnologia evolve, le richieste variano. Essere in continuo movimento è il modo migliore, e anche l'unico, per fare passi avanti. Richiede dedizione, sì, ma i risultati ripagano lo sforzo. È con questo spirito che presentiamo il nuovo catalogo GEA LED e le novità di quest'anno.
If there is one thing nature can teach us, it is constant renewal. Styles change, technology develops and demands vary. Continuous motion is the best and the only way to make progress. It requires dedication, yet results are achieved through hard work. Bearing this in mind, we present our new GEA LED catalogue and our new products for this year.

Trasformare esigenze in risposte: è questa la formula scelta da GEA LUCE per stabilire una connessione con i suoi clienti. Un approccio che si traduce in scelte estetiche in evoluzione coi tempi ma anche con azioni concrete: consegne veloci, risposte rapide, assistenza pre e post vendita attenta, chiarezza e coerenza nell'offerta.
Turning needs into solutions: GEA LUCE has chosen this formula to connect with its customers. Such an approach results in aesthetic choices that develop with the times, but also with concrete actions: fast deliveries, quick replies, solicitous pre-and post-sales assistance and a clear and coherent offer.

SINTONIA DI FORME E INTENTI
HARMONIOUS SHAPES AND IDEAS

ECOSOSTENIAMO IL DESIGN, DISEGNANDO ARMONIA.

WE BELIEVE IN
ECO-SUSTAINABLE DESIGN
AND CREATING HARMONY.

Linee e figure che si integrano con lo stile e lo spazio, luce che si integra con il futuro del Pianeta. In ogni prodotto GEA LED estetica ed efficienza convivono in sintonia, grazie alla ricerca e alle prestazioni dei LED. Senza più inutili sprechi o consumi, tutta l'energia può essere investita nel sostenere il design.

Lines and shapes combine with style and space while light integrates with the future of our Planet. All GEA LED products offer harmonious aesthetic appeal and efficiency, thanks to research and to the performance of LED. Without any unnecessary waste and consumption, all energy can be invested in supporting design.

OBIETTIVI AL PASSO CON IL DOMANI
GOALS IN STEP WITH THE FUTURE

IL LED EVOLVE INSIEME AL MONDO.

LED LIGHTING
DEVELOPS TOGETHER
WITH THE WORLD.

Ad oggi la quasi totalità dei prodotti è a LED. È una scelta che GEA LUCE ha fatto da tempo guardando al futuro. E oggi la convinzione è più forte che mai. La ricerca ha permesso di superare i limiti del LED riuscendo nello stesso tempo a svelare nuove potenzialità. Non ci sono più compromessi, non ci sono confini, non ci sono più scuse. Il mondo di domani sarà illuminato a LED.

Today, almost all our products are LED-based. GEA LUCE made this choice some time ago looking ahead to the future. And today, we are even more convinced of our choice than ever. Research has allowed us to exceed the limits of LED lighting and successfully unveil its new potential. No more compromises, no more limits and no more excuses. Tomorrow's world will be illuminated by LED lighting.

BINARI PER PROIETTORI
TRACK FOR PROJECTORS

GSTP90 - GSTP91 - GSTP92 - GSTP93

Binario trifase per 3 circuiti elettrici separati.

Di sezione rettangolare in alluminio estruso, contiene un profilo sagomato in PVC isolante dotato di 4 conduttori in rame, mentre il profilo stesso realizza la messa a terra del sistema. Alimentazione in testata. Sezionabile. Finitura in bianco o nero opaco.

Three-phase track for 3 separate electrical circuits. Rectangular section of extruded aluminium, includes a shaped profile in insulating PVC with 4 copper conductors, while the profile itself delivers the system's earthing provision. Power supply in head. Sectionable. Matt white or black finish.
